Cleaning Suite X64 [April-2022]

- Improved toolbars for simpler operations. - More detailed registry and recycle bin, and more targeted drive cleaning options. - More friendly tools to help you manage and optimize your machine. - Quick link to the new Windows 7 Forums. - Automatically run at system startup. - Advanced options for cleaner customization. - Cleaning logs for easier debugging. - More than 100 real-world tools. - All tools now respect your privacy settings. - Warning before moving system files. Clean Your PC! - A must have utility, now with keyboard shortcuts Clean Your PC! gives you many tools to optimize your computer. You can use the Tools to customize your toolbar, to make the toolbar show only your most used tools. You can add keyboard shortcuts to your most used tools or to any tool. You can easily remove and add your tools. Click on a toolbar to see it's tools. Click on a tool to see all the tools in the toolbar. All the tools work perfectly and can be combined in the same toolbar to optimize your tool bar. Use your mouse to right click on the toolbar and customize it. Use the dropdown menu to remove or add new tools. You can also remove unwanted tools that might be taking space from your toolbar. You can also disable some tools, like the Microsoft-SYSTEM-Defrag tool. Or you can make your tool bar smaller so the toolbar doesn't take too much space. Toolbar Customization:- Customize your toolbar by adding and removing tools Use the dropdown menu at the bottom of the toolbar to remove tools. You can add a tool by right clicking on the toolbar and clicking on New tool. Keyboard shortcuts:- Add or remove keyboard shortcuts to your tools Use the dropdown menu to add or remove keyboard shortcuts. It is possible to add shortcuts for each of your tools and each tool can have up to 10 shortcuts. Customizable Filters:- Filter tools by name, description and more You can easily remove unwanted tools. It is possible to remove tools that start with a blank space, the beginning of a word, or a word that doesn't start with a word. You can also remove a tool that has an unwanted description or that has a description that is too long or too short. Split toolbar in halves:- Split the toolbar in two parts. You can also split the toolbar in half. By using the keyboard, it's possible
