

**Igo My Way Android 1024x600 101**

February 14, 2017 - No one knows why I completely lost my IGO GPS from the head unit after... 10.2" 10.2" In-Dash GPS with Bluetooth Radio with a resolution of 1024x600. I have used the device for many years and it has never caused problems, so I did not expect this to happen all of a sudden. This time, when I tried turning the device on and off, it just turned off when I didn't touch it. No one knows why I completely lost my IGO GPS from the head unit after I... 10.2 inch in-dash GPS navigator with 10.2 inch resolution and Bluetooth radio with 1024x600 resolution.
