Sometimes its better to do it yourself, or so I like to think. This key macro is no different. The following macro will execute various commands while holding a specified key. For example, while pressing ALT+ENTER, you could send an email, open your browser, etc... All of the commands I am going to show you are self explanatory and you can find out more about them at the web site. So follow the instructions below and I hope this macro will be very helpful for you! • Select the command you want to execute • Move the focus to the next text field • Right Click (Prnt Scrn) • Paste the macro • Click on Paste • Press the specified key • Release the key • Right Click (Prnt Scrn) • Click on Reset More Macros and Keymapping List: 3:36 England Defender James Milner to miss first 3 World Cup matches England Defender James Milner to miss first 3 World Cup matches England Defender James Milner to miss first 3 World Cup matches EnglandWorld Cup defender James Milner is out of the first three matches of the tournament after he underwent a scan on his injured left knee.
