Please find below the download links. About THE LAND BETWEEN series The Land Between is a fantasy realm in the StarEmpire Saga, which was established by Nihon Falcom. It is where nine Lords of the Elden Ring resided before they departed for the Silver Star. That is to say, the Land Between serves as a "Memorial Stage" to showcase the previous Lords of the Elden Ring. The stage is a castle tower where the nine Lords lived. Although that is a place different from our world, the Land Between is a timeless fantasy realm where all the seasons change depending on time, and the past has become the present. In that fantasy realm, the status of the world has risen and fallen. By uncovering the true history of the Land Between, the power of the Elden Ring, which was sealed for a thousand years, slowly returns to the people in our world. The Land Between has now become the ultimate setting for the fantasy RPG Elden Ring. Here you can finally make your dream come true. ► Press Conference September 11th, 2017, at the venue of "STAREMPIRE☆WORLD EXPO 2017" in Tokyo ( bff6bb2d33
